**Greetings Revive Youth & Family Services,**

As a recent college graduate, I am eager to take my knowledge out of the classroom and into real world settings. Taking classes on Juvenile Delinquency, Psychology of Emotion and Motivation, Psychology of Adolescence, and the Criminal Investigation of Child Abuse, I grew a passion for helping at-risk youth heal from their traumas and live a more purposeful life..

I pride myself in my advocacy, open-mindedness, and active listening skills which allow me to build strong and trustworthy relationships with those in need. As a Spanish speaker, I am also able to connect with a wider population and help others feel heard.

I am excited about the opportunity to join the team and contribute to executing the values and principles of the organization. Thank you for considering my application. I look forwards to the opportunity to discuss my qualifications further.

Sincerely,

**Jasmine Arroyo**
