Hey Revive Staff,

I am writing to tell you guys a little about me. I have been working with at-risk youth in the city of Milwaukee for the past 15 years. My passion is seeing youth thrive in a safe and healthy environment. I am trauma informed and CPR certified. One of my greatest strengths is working with, and one of greatest weakest is working with keys. Patients is the key to this whole youth thing.

I was shot in the head as a youth and was parayled and wasn't expected to make it. I was in a stealin car when I was shot back in 2002. I have learned and grown so much that I desire to run my own Group Home one day. I think I would be a great fit for Revive, because to revive our youth it's going to take a village. Meaning, that we are going to have to work together in unity to get the job done.
