EXPERIENCE

Goldfish Uniforms — Sales Floor Associate

July 2019 - August 2019

Goldfish was a summer job for me and it was a great experience. Goldfish is a uniform store for private schools. For most of my time there, I set up price tags for the clothes for the upcoming school year and as we got closer to the start of school enrollment, customers would come in to shop for their kids' uniforms and my job was to assist the parents in fitting their children and getting the proper clothing required for that specific school.

Culvers — Crew Member

August 2019 - December 2019

Culvers was my official first job. I loved working at Culvers. I took on multiple roles at Culvers. I began taking orders at the front register and also the drive-thru window. On my down time, I also ran orders out to the dining room and also outside for drive-thru orders. Culvers was a great experience. Culvers taught me patience and to have respect for others when they're not giving the same in return. I loved being an asset to the company and putting smiles on customers' faces and serving satisfying meals.

West Milwaukee Walmart — Cap 2 Associate

December 2019 - July 2021

Working at Walmart for almost 2 years was a great experience. My duties as a Cap 2 associate were to unload freight from the trucks and make sure everything is sorted into the departments that the product goes in and to stock the product onto the shelves to be brought. I also did price changes and adjusted and moved around fixtures and features as the store needs and demands.
